Description			
<i>Provide a short description of the event and its activities.</i>			
From 16 to 18 September 2025, GIVO held participatory gatherings with descendants of Roma survivors affected by the Roma and Sinti genocide during World War II in four communities in Romania: Andrășești and Căzănești (16 September), Potcoava (17 September), and Bolintin Deal (18 September).			

The purpose of the events was (i) to engage local Roma communities in the shared commemoration of the Roma and Sinti genocide; (ii) to establish and strengthen support for commemorative practices undertaken in the communities by contacting local politicians, activists, and Roma communities themselves; (iii) to collect oral testimonies from descendants of Roma survivors, aiming to amplify their postmemories and reinforce Romnja commemorations.

The materials collected during the events will be used to enhance further commemorative practices regarding the Roma and Sinti genocide in Romania by continuing discussions with local politicians, activists, and communities about the establishment of a transnational city network for the remembrance of the Roma and Sinti genocide; conducting ethnographic analysis of the collected records for (i) producing research outcomes; and (ii) creating mnemonic records on the commemorative website of GIVO.
